Engagement Models

Time & Material Model – Define the business model & work hand in hand with our client. The Client pays a fixed hourly rate.

Fixed Price Model – The Customer pays a Pre Negotiated Fixed price for the complete project, which in turn is linked to well defined deliverables.

Hybrid Model with Brief – a major portion of project is on Fixed Price basis and at the same time resources are deployed on Time & Material basis. Adopting such a model enables the client to maximize their ROI without compromising any aspects of the project itself.

Onsite-Offshore Delivery Model
