Headquartered in Mumbai, India we have presence in Middle East, APAC, Europe and US with customer footprints extending across multiple geographies.

## About LS Retail

The LS Retail software solutions are sold and implemented worldwide through a large network of certified partner companies. The LS Retail partner ecosystem has grown steadily over the years and today counts over 380 companies in 88 countries. To become an LS Retail partner, companies need to satisfy a specific set of requirements, including passing official training in the LS Retail solutions.

Certified LS Retail partners are experts in retail and hospitality, as well as in the LS Retail products and solutions. They know the local requirements and legislation of the countries where they operate, and offer ad hoc services such as customizations, localizations, project management and technical support.

Thanks to vast industry knowledge and experience, LS Retail is able to offer solutions to manage the complex operational requirements of organizations within areas such as: fashion, electronics, furniture, duty free, restaurants, coffee shops, forecourt, c-stores and many more.
