Largest Fruit importer & distributor of Saudi Arabia selects Godrej Infotech to implement Microsoft Dynamics AX 2012

After two unsuccessful attempts in implementation of Microsoft Dynamics AX 2012 by other partners, the customer finally decided to engage Godrej Infotech to implement the solution with a very strict timeline. The project is in the process of going live. The customer is one of the largest importers and distributor of Fruits in the Kingdom of Saudi Arabia. The company has over ten branches across the kingdom, as well as branches in both Bahrain and Dubai.
